

Extending Counters & Lengths Input Space

1 For Counters

Setting by Addition 6

Setting by Multiplication 6

Setting by Division 5

Adding to Counter The AddCount is now 16

2 For Lengths

Setting by Add/Sub 10.0pt

Setting by Multiplication 15.0pt

Setting by Division This is not supported by default So, for that we use the `\ratio{}{}` The DivLen is 2.0pt

Adding to a Length 15.0pt $\rightarrow$ 21.0pt $\rightarrow$ 25.0pt

Composing Expressions 30.0pt

3 Using Real Numbers

Multiplication for Counters 10

Dividing for Counters 29

- For Accuracy we can use fltpoint 30

Multiplication for Lengths 12.5pt

Dividing for Lengths 20.5pt
